FAQs about Racing Shirt fit:
 1. Why are the arms so long?
 Because I hate when I reach for the catch and other shirts slide back up my forearm
 2. Why a short front?
 Because when I sit in the boat I don't need gobs of fabric flapping around my belly.
 3. How snug should I wear it?
 As snug as you can. Technical properties work best when there is no airspace between you and the fabric.
